Legend:
sv = excellent
v = good with limitation
o = not recommended
nt = not tested

(*) Robuskin® XTP 150 B/S-CL: before printing this product we kindly request you to carry out preliminary heat resistance test on your machine

(**) Robuskin® PET 36, 50: are primarily for self-adhesive use, and may be too thin for direct printing on some printing systems

This compatibility list replaces earlier ones. The recommendations and information are according to our current experience. Due to the variety of possible influences during processing our substrates, which are not within our control, it is advisable for the user to carry out their own tests to determine their fitness for use. Maximum value of claims which will be accepted, are limited to the value of raw material supplied as long as there is no contradiction in respect of laws and regulations applicable. any questions in connection with warranty/liability are governed by our General Terms and Conditions of Sale. As we are continuously endeavouring to upgrade our products, we reserve the right to change the compatibility list as and when required.

For printers which are not listed, kindly revert to us, there are surely reasons and we might have a solution
